DETAILED ACTION

Reason for Allowance

1. Claims 1-7 are allowed for the following reasons:

The instant application is deemed to be directed to a nonobvious improvement over the invention patented in Pat. No. Inoue et al. (US 6304687).

Claims 1-7 are allowed because the prior art of record, taken alone or in combination, fails to disclose or render obvious a photosensitive polymer filled in said groove, said photosensitive polymer having a negative refractive index temperature coefficient; wherein said photosensitive polymer disposed in said groove for confining light incident to said groove in a horizontal direction or in vertical and horizontal directions and for thereby preventing the light from spreading in said groove in combination with the rest of the limitations of the base claim.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
